Trout Almondine

I got such a strong response from this dish the last time I featured it, I had to do it again. Our butterflied rainbow trout is lightly coated in seasoned bread crumbs and browned in olive oil and butter. A simple topping of scallions, almonds, fresh lemon and butter finish the dish. It is served with our starch and vegetable of the day as well as your choice of soup or salad

All of the reservations for Valentine's Day are now filled. However, a waiting list is in place to fill any cancellations we may have.

Hope to see you soon!
